ECHO 68
MEET WEBSTER
Meet Webster . . .

meet the students, faculty members, and administrators who make our high school great. Watch them. Watch the students as they cheer, laugh, worry, cram, create, study, . . . and study some more. Watch these kids and watch them carefully because they're what Webster Groves High School is all about. They are what today is all about . . . they are what the future is all about.

These first sixteen pages of the 1968 ECHO ANNUAL have given you a glimpse of what it is like to be a part of it all.

Meet Webster . . . it's a great school.

This year the Guidance Council has changed its policy. The handling of turn-ins as a student court has disappeared under our new goal: To serve and benefit the students within our own area in positive directions. This way we hope to reach the majority of the student body. Our activities this year included Turkey-Day participation, a job-opportunities board in cooperation with local merchants, a safety campaign, and an in-depth investigation of the smoking problem at Webster. The fifteen members of Guidance Council are elected in the spring preceding their year of office, with five from each class, and meet every other day fifth hour.

Denise Berri
Guidance Council
President
To coordinate, to schedule, to regulate student activities—this is the three-fold purpose of the Student Administrative Board.

Taking stock after its first year of existence, the SAB has been a partial success. All-school activities during the 1967-68 school year were, for the first time, coordinated. Turkey Day, Homecoming, Christmas decorations, Webster’s part in our school district’s Centennial celebrations—all were organized through the SAB.

Yet the day when students shall in reality head student activities is still one that the future holds. With dedicated members and general student body support, the Student Administrative Board in the future will hopefully grasp this opportunity and fulfill this challenge.

John Spano
Student Administrative Board
President
STUDENT COUNCIL

Student Council is the main student governmental organization in the school. It is composed of student representatives from all grade levels with varying concepts and interests. As the student council is attempting to represent this broad spectrum of ideas, it receives many compliments as well as many criticisms. Compliments are easily accepted, but the critical remarks have forced the student council into a concentrated evaluation of purpose. The council has been too overly concerned with socially-oriented activities. In order to better represent this "broad spectrum," it has opened its doors to suggestions and new ideas. Our public meetings have demonstrated to the student body that the council is concerned with representing as many aspects of student life as is possible.

The attendance of conscientious students has also portrayed their equally important concern. I believe we have taken a step forward. Thank you for your support.

Brant Richardson
Student Council President
The first step taken by this year's cabinet to promote unity and spirit was in designating a day in October as "Junior Ring Day" on which the rings were distributed and a party for the Class was held in the cafeteria. Along the same line, a new class banner was designed and constructed, and then signed by the Juniors in time for Turkey Day.

Dominating the other activities of the Junior Cabinet are those resulting in a profit for the treasury in preparation for the extensive Senior activities ahead. Plans are in the making for several projects, some strictly for Juniors and some all—school.

Having benefited from a year of observing school activities as Sophomores, and still learning more from the Seniors about the year to come, the Junior Class Cabinet is doing its best to fulfill its purpose to the satisfaction of the students it serves.

Gary Reinhart
Junior Class President
Within the realms of student government, the Senior Class Cabinet exists for basically creative purposes. There are certain activities the cabinet is expected to organize and initiate while striving to be a representative governmental body. In this respect, its job is somewhat difficult.

Success in achieving the main goals are dependent on the organization and creativity of class members. There are by far more than twenty-six qualified people in these areas and it is the Senior Cabinet plus the entire class that has made up this fine year.

Mike Reeves
Senior Class President
This year's Sophomore Class Cabinet has attempted to take an active part in school activities. Among our major projects were Christmas and Turkey Day decorations, derby hat sales, and a sophomore class party. By far our greatest goal has been to attempt to organize our cabinet so that it best serves our class. We have experimented with many ideas and tried to distribute the work among all our members. We hope that we have succeeded in setting a foundation on which both this year's cabinet and future cabinets will be able to function effectively.

Webster's Cross Country Team, under Coach David Hill, finished the 1967-68 season with a fine 6-won and 1-lost record, which placed them second in the district. Taking third place in the regional meet climaxed their year.
The year 1967-68 saw the first season for the Webster Soccer Team. Coached by Mr. Holmes and Mr. Schuchardt, the team played its home games at Dooley Field. Although trouble with both offense and defense arose at times, our boys became good ball handlers and experienced players. Because most of this year's starters were juniors and sophomores, many Lettermen will be returning for what will undoubtedly be a promising second season.

The wrestling team finished their season by pinning an impressive 11 to 3 record. Crockett, Cole, McCall, Gordon, Dixon, Wehling, Donahower, Nichols and Johnson placed in the district meet. Wrestlers Wehling and Johnson qualified in the regionals which took them to the state meet; the climax to a spectacular season.
This year, the Webster Swim Team has had not only desire and determination but has also shown outstanding ability. The team competes against the finest teams in the state and is one of the few teams that is competitive without having its own swimming pool. Under the leadership of Coach Jack Jones, the Webster Swim Team won first place in the conference and faces next year with high hopes.

CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS CLUBS
RIDING CLUB

Bridles, saddles, horses and hay provide the background for members of the Webster Riding Club. Under the leadership of its capable officers, the club learns the fundamentals of riding and enjoys such activities as hayrides, moonlight trailrides, all-day rides and holds their own fun shows. Mr. Query sponsors the Riding Club giving a new light to the Old West.

The site of the Riding Club's activities is Valley Mount Ranch, Valley Park, Missouri. Through their assistance the Riding Club has had a most enjoyable and profitable year.
SKIN AND SCUBA

Students interested in swimming and diving will find adventure in Webster's Skin and Scuba Club. Most members of this organization have become certified divers by taking an eight-lesson course at the downtown Y.W.C.A. Trips to Freeberg, Illinois and Blackwater, Missouri have given them a chance to practice their skills.

FRONT: Paul Bower, Mark Kelley, Barb Erdmann, Ruth Fernhough, Janet Bushy-head
BACK: Carol Wolff, Mike Mahoney, President, Tom Christman, Bob Woodward, Gregg Miltenerberger, Jim Schulte

SKATING CLUB

Cold weather and ice may sound hazardous to many, but to the members of the Skating Club it means nothing but fun. The girls of this club ice skate as a group each Saturday morning at the Steinberg or Webster rink. A bake sale to raise funds and a skating party for orphans were two of their major activities.

The Sailing Club is the newest club addition to Webster High. It is being co-sponsored by Mr. and Mrs. Lamar and Mr. and Mrs. Johner. To teach sailing, to buy a boat, to take an extended cruise, and to race are just a few of the activities its future holds.
We are the Statesmen of Webster High . . . Iron 'em out, iron 'em out, iron 'em

G.A.A.

During its fifty years at Webster Groves High School, the Girls' Athletic Association has promoted the ideals of good sportsmanship, fair play, and friendship through its active program of intramural and interscholastic sports.

The girls sponsor activities such as Dad's Night, the Mother—Daughter Banquet, and the Kampus King Dance, which highlights their year.

Girls earning one hundred points by taking part in intramural sports, interscholastic sports or officiating at the games are invited to join G.A.A.

The Modern Dance Club is an organization developed to stimulate the interpretation of ideas through movement. Each Wednesday, time is devoted to the main fundamentals of dance. The Modern Dance Program given in the spring is an important goal of club and classes. Much time is spent on the theme and choreography of the dances presented.
LIGHT CREW

The Light Crew was kept very busy maintaining Webster High’s extensive electrical and lighting equipment. Working most of the time behind the scenes, the group cared for and operated all lights for assemblies, plays, dances and any other function requiring their attention. This was certainly enjoyed and appreciated by all the students.

A.V.O.

A.V.O. is one of Webster's service clubs. The audio visual operators are responsible for the excellent sound we have at assemblies and the management of movie projectors and other equipment used in the class rooms. The club is composed of volunteers whose services are of great importance in helping educate and entertain Webster students.
F.T.A. is a small club whose members are very interested in the teaching profession. The group consists mainly of girls, but boys have recently become interested. The teaching profession will be a vital one in the years to come and F.T.A. is trying to kindle this feeling in high school students today. It tries to bring its members in contact with all phases of the profession.

Future Teachers of America have spent this year learning about schools in other countries, helping on the national level by publicizing American Education Week, and by sharing in activities with local teachers and organizations.
YOUTH FOR CHRIST

Youth for Christ is a group of students interested in religious philosophies. Once a week the group meet to have Bible studies, group discussions or to hear a speaker discuss ideas connected with Christianity. Twice a month there is a Youth Rally for all the Youth For Christ members in the St. Louis area. The year is climaxed with the weekend Y.F.C. camp in the Ozarks and a banquet for all the area members. At Webster, Youth For Christ ends the year's activities with a final "breakfast meeting."

FUTURE NURSES OF AMERICA

If you are interested in learning about the nursing profession, its opportunities, and its responsibilities, F.N.C. is the club for you to join. Future Nurses Club is open to any student in grades ten through twelve who is interested in exploring nursing as a career and who will try to develop qualities of character, personality and leadership which are essential in good nurses. F.N.C. is a very active organization. Field trips to different hospitals and student nurse speakers keep the girls busy and make the club a success.
The purpose of the Lettermen's Club is to promote athletics and encourage good sportsmanship and the development of outstanding school spirit. It is composed of all boys who have earned a varsity letter in Webster's extensive sports program. The club is quite active in school affairs; its members act as ushers at the Vesper services; they sell refreshments at the basketball games, and the Lettermen's Club balloon was quite an addition to the Homecoming decorations. Their social activities include a spring banquet and a party at the end of the year.
Thespian Troupe 191 is a local group of the National Thespian Society. The year's activities include monthly meetings, two major productions involving any interested students, speech meets with other schools, student productions, and this year a statewide Thespian Conference with a one-act play festival. Initiations are held whenever there are enough understudies who have earned 10 points (100 hours) by working in theatre and dramatic activities.

STATESMEN MARCHING BAND

The Marching Statesmen, under the direction of Mr. Lemcke, demonstrated their precision marching and musical skills for half-time entertainment at the home football games this year.

Laura Altobelli, Cathy McCall, Dianne Pierce, Mary Ann Croker, Faye DeClue
MAJORETTES

The Majorettes perform at all home football games presenting half-time entertainment with routines ranging from novelty to classical. The Majorettes practice every day fourth hour and frequently after school. The girls will receive letters and gold baton necklaces for their efforts.

Jane Lancaster, Connie Rabe, Carol Starch, Shari Seidel (Captain)
Potpourri is "a mixture, medley, anthology or the like." Potpourri is also Webster High School's literary magazine. It not only provides a means of expression for students wishing to see their material in print, but it also presents a sampling of the literary and artistic talents in Webster High. Potpourri is published three times a year by a staff of interested students. True to its name, it contains a variety of short stories, poems, essays, editorials, and art forms.
The Webster Echo is published monthly by the journalism students of the high school. It is distributed free of charge and has a circulation of 4,000 including parents, administration, and students. The paper has extended its activities this year. There were ten issues published including an orange Turkey Day issue. "Twenty Thousand Echoes Under the Sea" was the theme of the annual Paper Doll Prom. It was sponsored by the paper staff and held in October. A Christmas party for former staff members was also held.
The Lab Assistants are an invaluable part of the science department. They aid the teachers in setting up experiments and in caring for the laboratory facilities.
The Spanish Club, under the direction of Mr. Hampel, promotes interest in the Spanish language and encourages better understanding of the Spanish-speaking people and their countries. This year’s activities began with a Halloween party complete with a pinata. This was followed by a Christmas party styled after las posadas of Mexico. In the regular meetings there were speakers and slides of various Latin American countries were presented. Plans were also made to perform a play in Spanish, to have a Peace Corps representative as a speaker, and to operate a tutoring service for students in need of help with their Spanish.
Conventus Latinus provides an opportunity for students of the classics to pursue their interests with others of similar bent and to learn more of classical civilizations in an enjoyable manner. Through state and national affiliation with the Junior Classical League, they meet others throughout the country who are studying in the same field.

The newspaper, Latinus Rumor, now in its forty-first year, gives an opportunity for journalistic activities combined with classical content.

The state meeting in Columbia each spring is a time for skits, speeches, electioneering, and contests.
Consisting of second to sixth year French students, the French Club increases conversational practice and vocabulary by conducting its meetings in French under the guidance of Miss Bannister, the club’s sponsor. Through movies, songs, games, and other programs, an understanding of the French people and their language is attained. A Christmas Party in the tradition of France with a Buche de Noel is given by the members. This year the party was in “Hootenanny” from with Christmas carols and popular songs sung in French. Twice a year, French students edit L’Organe, which is written in French and distributed to French Club members. Later in the year, French cuisine was enjoyed by the students.
GERMAN CLUB

A new idea was initiated this year at Webster when every student of German was deemed a member of the German Club. Under the supervision of Miss Fiehler, club meetings were held in each class whenever necessary. The goal of the club was to present the out-of-class aspect of the German-speaking nations. This was accomplished through films and records, visits with natives or travelers to Germany, Switzerland, and Austria, the observance of some German Christmas customs, and correspondence with pen-pals in Germany and Switzerland.

TO BRIDGE CLUB
by John Coonrod

On Tuesday Eve the merrie group convenes
Pursuit of trump and tricks of every suit
Doth tax our brain and Mrs. Page to boot
As numbers swirl in Aces, Kings, and Queens
At five o’clock the room is finally dark
The cards are packed and put to sleep the week

The scorepads store the record of the fight
A half a dozen winners made their mark
The goal of “seven-no” was theirs to seek.
The losers ponder errors through the night.
The Debate Team has a tradition of more than fifty years of service to the high school and its students. Throughout the year, the team has represented Webster in many varsity tournaments, and has claimed its share of victories. Not only are important issues brought into focus through debates, special assembly programs, and other activities, but these same speaking projects enable participants to acquire the poise, confidence and resourcefulness needed in later life.
Operations research, divisibility theorems, computer programming, derivatives and integrals—this is the world of the Math Club. Such topics, not appropriate for the classroom, are researched and presented by guest lectures to the Math Club. Consisting of senior math students, the club attempts to provide its members with specialized and fascinating discussions on any interesting concept, problem, or technique included in the vast science of mathematics. Thus Math Club enriches and compliments the motivated student’s educational experience at Webster.

THE ANNUAL
PAPER DOLL PROM

CLIMAXED WEBSTER'S FIRST HOME-COMING

Queen: Chris Shields
Escort: Dave Aholt
Friday, October 13, was a day few people in Webster will forget, for on that day the governor of Missouri made an unprecedented visit to our school. Governor Warren E. Hearnes was greeted in front of the City Hall in a downpour of rain by the Marching Statesman Band. He toured Webster High and met our principals and student officers. The Governor then visited informally with the Senior Class Cabinet and Senior Student Council members in their Lounge. In the auditorium, he presented the film, "A Capitol Adventure," which was followed by a question and answer period on state government. After his program, he visited other groups in Webster.

Turkey Day 1968 will never be forgotten. Webster's activities had been planned months in advance, and as the day drew near, anticipation and excitement rose to a fevered pitch. It all began with the Pep Breakfast as hundreds flocked to Robert's Gym. The team ate a "Wheaties Breakfast for Champions"; the students munched doughnuts and drank milk; the cheerleaders cheered and the band played—Color Day had begun! Senior Jerseys and Webster sweatshirts roamed the decorated halls. BEAT KIRKWOOD was uppermost in everyone's mind.

The activities continued into the evening. A flaming W-G was spread over Memorial Field as everyone gathered for the Pep Rally. Mr. Statesman announced the arrival of Turkey-man, who descended by helicopter to boost the morale and spirit of the crowd. The traditional Torchlight Parade and Bonfire followed.

Thanksgiving Day dawned bright and clear. The Statesmen's spirits soared just like the plane that pulled the "GO BIG ORANGE" banner overhead. It was a perfect football day—for Kirkwood. Although our boys played hard and fought hard, they just could not win. The game ended with a Kirkwood 33—Webster 13 score.

The Friendship Dance concluded the Turkey Day activities. At this time, the queens were crowned, and the Frisco Bell was presented to Kirkwood. Webster must keep the Little Brown Jug for one more year.
TURKEY MAN

VESPER
As an American Field Service foreign exchange student, Yasuharu Shinozaki has spent the entire school year in Webster Groves. Yasuharu, better known as "Yasu", is from Sapporo, a city on Hokkaido Island in Northern Japan. His parents and a fifteen-year-old brother are still living there. Yasu seemed to enjoy the United States very much and was particularly fascinated by the size of the trees here. In Japan, the trees are small in comparison, and he "likes the kind we have here; they are so big and green."

Yasu's favorite sports are skiing, ice skating, and especially ping-pong, in which he excels. Baseball is the national sport in Japan, and he is an avid spectator.

It had been Yasu's lifelong hope to visit the United States, and while he was here he studied hard, learned more about American customs, and fulfilled speaking engagements at other schools.

Next year, he will attend Waseda University in Tokyo, where he plans to major in economics.

Yasu has been a guest in the home of Mr. and Mrs. Clyde Hale and their sons, Tom and John.
CARMEN

Carmen Rosa Diez-Conseco attended Webster as a part of the sister-school-exchange between Webster High and the American School of Lima. Carmen made a sincere effort to get to know as many Websterites as she possibly could in one semester. Being a very warm and personable girl, Carmen had no trouble meeting people, and as she said, “The students at Webster are very friendly.” Carmen participated in Pep Club, Riding Club, Spanish Club, and Bridge Club and was a delightful addition to each.

LARRY

As a part of this exchange, Webster was able to send Larry Reineke, a junior, to Carmen’s school in Lima, Peru. Larry lived with an American family and attended the American School of Lima with several other American students along with his Peruvian friends. Larry was very interested in the Peruvian people and he spoke of the fact that Peru was the most Spanish-oriented country in South America. School work posed no problem for Larry except that he had very little free time.

IT

WAS A

VERY

GOOD

YEAR...
THE END
Mr. Howard A. Latta will end his career as principal in June after thirty-seven years of service at Webster High. The loss to our school will be immeasurable.

Mr. Latta received his undergraduate training at Kansas State Teachers College and did his graduate work at the University of Missouri.

He recalls that he has always found Webster Groves to be a community that genuinely cared about upholding an excellent educational program.

The Howard A. Latta Scholarship Fund was formed in honor of Mr. Latta. Proceeds from the KXOK All-Star game, school organizations, and private contributions have boosted the fund to over $3500. Mr. Latta summed up what he thought about the fund in one word—"Tremendous."

As for the future, Mr. Latta would like to devote the next four or five years to something entirely different from teaching. Both Mr. and Mrs. Latta would like to spend some time traveling.

RETIRING TEACHERS

Miss Esther Replogle joined the Vocal Music Department in 1928. At that time Webster was a small group who sang and rehearsed together on Fridays. Since then, under the guidance of "Miss Rep", it has developed into the outstanding organization we know today. In addition to her high school duties, Miss Replogle has been conducting "sings" in the Webster grade schools for many years. She is also director for the Congregational Church Choir in Webster Groves.

In 1927, J. L. Jones was fresh out of college and a young addition to the Social Studies department. Forty-one years later, as he leaves, so does an integral part of that department.

Throughout his years at Webster, Mr. Jones has taught ancient, American, modern and Latin American history courses. When the high school and the Junior high were combined, he taught block classes.

After retirement, Mr. Jones' plans include travel in Europe and possibly some more teaching in a university.

Miss Fiehler came to Webster in 1934, after receiving her B.S. degree from Southeast Missouri State and a Master's degree in English from Washington University. She taught English, as well as Spanish and German.

Besides all the hours spent in classrooms, Miss Fiehler has done extensive traveling through Europe, especially in England and Scotland. She has also traveled as an assistant on guide tours sponsored by the Louisiana Polytechnic Institute.
