**CONTENDENTES PRO TUA GLORIA**
Four years ago, the class of 2002 began high school, not expecting the events they would encounter. In the end of their freshman year, a little note was left in the boy’s bathroom indicating a bomb threat, and Webster students were rushed to Webster University for safety. Luckily, there was no bomb and school resumed the next day.

The 99-00 school year was free from any major disruptions which led students to believe the following years would be just as relaxing. Unfortunately, in the winter of the 00-01 school year, a hail storm was making its way toward Webster and shocked students were dismissed via the PA. Hoping to dodge the storm, students rushed to their cars only to find them as victims of the ice. School unfailingly commenced the next day.

Finally, graduation year arrived for the class of 2002, and looking back at their high school career, it’s fair to say they have encountered many traumatic events. Sleeping students were awakened when the fire alarm sounded and students were evacuated to Plymouth field. Everyone watched in anticipation to see what would be left of their beloved school as smoke seeped out of a window. Students left school around 10:30 as a
result of the unbearable smell of smoke that remained. Only a small part of the school was damaged and the cause was confirmed as arson.

Following the September 11 attacks, anthrax scares arose all over the United States. When a Kleenex box was found with an unknown substance in it, people automatically assumed it was anthrax. Students were held in their 4th hour until further investigation could verify whether or not the substance found was in fact harmful. Desperate for a bite of food in the cafeteria, students and faculty spent three hours contained in their classrooms. The results were negative for anthrax, and the students were released to move to their other classes and finish out the day.

The tornado alarm sounded, bringing the last of the disasters of the first semester (of '01-'02) and students swiftly lined the halls. The storm never hit us, but simply passed by, being sighted elsewhere in St. Louis.

As any unique class would sum up their years in high school, the class of 2002 went in to school with a bang (bomb threat), and left with a blaze (fire).

The senior class this year had their work cut out for them preparing for Prom, which is their biggest event of the year. All of their fundraising since freshman year finally comes into play. Throughout the year SSC 2002 had car washes and other various fundraisers to make money. Another big event for SSC has been Spirit Week, especially the hallway decorations. This year their theme was The Wizard of Oz, in which members put a lot of time and effort.
The Juniors had a busy year this year. Having continual fundraisers throughout the year to raise money for their class, the night Pep Assembly, and of course, the Sweetheart Dance which was held in February. The theme for the Class of 2003 this year was Jaws and they did an awesome job in decorating the front of Senior Entrance.

The 2002 season had a familiar start for the football Statesmen. The team dropped their first game of the year, as they did last year, to a very good Eureka team. What separated the team from last year was how they responded to the defeat. The Statesmen followed their loss with an eight-game winning streak they took into the playoffs. They finished the regular season with a record of 8-1, and had impressive victories over rivals Parkway South and DeSmet. All this while they slowly climbed the Missouri High School Football rankings. The high-powered Webster offense averaged 38 points a game, while the hardhitting defense gave up only two touchdowns a game. The Statesmen's momentum carried them into their first playoff game since '96. In a lopsided victory, the Statesmen defeated the Pattonville Pirates 38-14, but Hazelwood East ended a great season for the Statesmen in a 35-7 loss. One week after the loss, Webster played in the annual Turkey Day game at Kirkwood. The Webster Statesmen put an exclamation point on an outstanding season with a 14-10 victory over the Pioneers, and ended with a 10-2 record.

The 2001 Boys Cross Country Team showed steady progress throughout the season, culminating with a hard-fought victory over Vianney to claim the championship at the DuBourg Invitational. The team was led by Seniors Eric Frye, Sean Martin, Kyle Seibel; Juniors Jesse Reimann, Brent Dawson and Greg Stribling. Jesse Reimann earned all-conference honors. The Softball Stateswomen of 2001 experienced an amazing season led by Co-Captains Shannon Wilson and Jennah Siebert, and by the awesome pitching of Christina Andrews. The girls performed at an unprecedented level and excelled to second place in our district.

The Stateswomen of 2001 will be remembered as the team that started a winning tradition in Webster Groves High School, and with a record above .500, as an offensive threat to the competition of the future.

The Volleyball Stateswomen started off their 2002 season strong with a game against Kirkwood. Even though they didn't win, the team fought hard and found out what their potential could be for the rest of the season. The final record was 5-18-2. Even though they didn't live up to their potential, they did their best and felt good about the wins they did have. If the pattern continues next year, there could be a change for the best.

The 2001 season went well, despite more losses than wins. The team played some incredibly hard games, but managed to work well together and pull through. Our strong play was backed by the only senior on the team, the goalie Sarah Lemp. Unfortunately, they won't have her next year. However, there are still very experienced players on the team that will return next year. The team discovered their strengths and weaknesses so they can improve a lot. Coach Cindy Berndt said that this season was the first one where the team actually worked great together. She hopes the team unity will carry over to next season. The field hockey team looks forward to next year when they can showcase their leadership and skill.

This was a very young and talented team with most of the key players being underclassmen. Ricki Giancola is among St. Louis area leaders in scoring and free throw percentage, and Megan Breunig is among area leaders in steals. The wrestling season was an enjoyable one. Everyone worked hard. Every team member had to watch his or her weight to make sure they fit into their proper weight class. It was all worth it when the referee holds up your hand at the end of the match, signifying a win. The wrestling team was coached by first year Coach Louie Tocco. If you look at Coach Tocco, you know the team is in great hands. So far he has taught self discipline, integrity and self-confidence. A wrestler on Coach Tocco's team is never a loser. There were 8 seniors on the guard squad this year, which has proven to be a big advantage. Unlike past seasons, Guard participated in several competitions for both guard and danceline, receiving 3 first places and a superior rating. The captains, Katherine Moschner and Angela Farabee, and officers Erin Warner and Sarah Nelsen have all gotten along together very well. The guard has become very close as a squad and as friends. One of their greatest prides is that they are student-run and choreograph and teach their own material. The 2002 Webster Groves Skatesmen hockey team began their season with a fast start, by pummeling their opponents. However, the faced some midseason struggles when they started playing top teams, but the Skatesmen managed to hold together strong and not lose focus. The team's record at the end of the year wasn't a good indication of where they expected to place. They ended up second in their division and were seeded 11th in the playoffs. The Skatesmen made an impressive playoff run behind the leadership of captains Tim Keenan and Bill Schute, and the goal scoring of the Fortney brothers and Jeff Gumaer. They quickly beat the first two teams they faced, but ran into trouble against number 3 Marquette. After losing the first game 5-4, the Skatesmen rebounded at home with two wins to advance to the semifinals for the 9th time in 10 years. After splitting one game a piece with DeSmet, Webster lost in the mini game to the eventual state champions. The Skatesmen surprised a lot of people and earned the respect they deserved with their playoff run and final record. Great job on another impressive year by the hockey team.

Vicki Boren 1980-2002

My 22 years of teaching here at Webster Groves high School have been fantastic! The students are the most talented in all the world. I've always wanted to give my students memories to last a lifetime, but that's exactly what I'll be taking with me! Thanks Webster Groves!

The fire fighters of Webster Groves use the “jaws of life” to free one of the trapped students.

Andrea Rabenold, Leslie Johnson, Erin Warner, Dan Kryder, Joe Brown, Josh Cazar and the Webster Groves police and fire departments helped ABC members with the extrication. The victims were extracted from the wrecked cars by cutting off the doors and roofs of the cars and were taken away in ambulances. One victim died on the scene. The extrication was part of Red Ribbon week, and was an attempt to show the student body the possible results of drinking and driving.

Andrea Rabenold, after failing her sobriety test, gets escorted to the side of the scene.

Many students watch intensely as the fire fighters work to free the victims.

In light of the September 11th tragedy, Webster Groves High School decided to do something to help out those in need. Normally, there is a blood drive held in the spring each year, sponsored by NHS. That blood drive happened, but SLB decided to hold their own earlier also in October. NHS students volunteered to work at it by handing out food to those who were feeling weak, helping people sign in, and directing them where to go. The nurses were from Gateway and even though they didn't have as many beds as we thought they would have, the amount of blood collected was great. Besides long lines and backups, the first blood drive of the 2001-2002 school year was a big success.
The new school year opened up the newly remodeled cafeteria. The cafeteria was remodeled with a new kitchen area, ample seating, and more of a variety of food options to eat.

The new cafeteria resulted when voters, in April 2000, approved a $10 million dollar district-wide bond issue, of which about $3 million went to high school renovations. Construction for the cafeteria began last year at the end of the first semester.

Seniors of the class of 2002 were rewarded the privilege of leaving campus for lunch, while the underclassmen are required to stay on campus for their lunch time.

“Day of Mourning” Assembly

September 14, 2001 was recognized as the “day of mourning” after the events of September 11. Students were chosen to lead the mass of Webster Groves High School in a moment of silence. They gave inspirational speeches, read passages and the band performed in honor of those who had suffered.

"It was really well put together this year. In the four years I've been here, this was the best one yet. SAA should be really proud of the good job they did," said Senior Meghan McLain.

A baby girl was born to Mr. & Mrs. Freddie Taylor—She was named Renea Ladon Taylor. Renea, spelled different; for she was different—special in every way. Not only did she have outward beauty, she had beauty from inside. Every one who came in contact with her saw the beautiful qualities she had. As her parents, we taught her to be kind, honest and all the other qualities that go along with that. As she grew, she showed the love she had not only for her family but others who grew to love her. Renea, your Dad and Mom wish you all the success life has to offer. Be Strong. Renea, never forget your High School years,

With Love,

Your Mom and Dad

For Jessica Heusler,

Just over 18 years ago I was sitting at the hospital awaiting your arrival. Seeing your birth was the most incredible experience I have ever witnessed. I held you in my arms and whispered in your tiny ear "Hi sweetheart, I'm your daddy and I made you!" With all the bright lights and fast pace this new world must have been scary for you. It wasn't long after I realized that being a parent was something I truly enjoyed. I never minded getting up in the middle of the night to feed you or change your diapers nor did I mind comforting a bad dream. Racing to a softball practice or piano recital, let alone searching frantically for that lost shoe (the culprit for tardiness) are all gentle smiles in my memory. I was there for you in the beginning and now I am there for you while you reach out to the rest of the world. You will no doubt succeed as your drive and determination are unequalled.

ACCOMPLISHMENT. Webster's defines it as "The carrying out of an action to completion ... A great or heroic deed ... excellence in a particular field". I find this fitting. You have accomplished quite a bit in your 18 years on this planet. It all hit me that very night you came out on stage in "Will Rodgers Follies". The green dress with a thousand rhinestones on it made me realize that all this hard work paid off. Perhaps it was the fact that you asked me to put all those rhinestones on and all the time I spent doing it. Trips back and forth to the hobby shop for more and more stones proved worthy of the cause. You beamed like the brightest star in the galaxy.

You have a gift of reaching out to this world making it better place one person at a time. Your dreams, your desires and your ability to smile even in toughest of times are all indelibly etched in my mind. You have a God given talent. Use it wisely.

All I can say is thank you for all the memories and I can hardly wait for memories yet to be made!

I love you sweet child,

Dad

We love you.

Mom, Dad, Erin and Reggie
If you can keep your head when all about you,
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;

... If you can dream and not make dreams your master,
If you can thing and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two imposters just the same

... If neither foes nor loving friends can hurt you,
If all men count with you, but none too much
If you can fill the unforgiving minute
With six seconds worth of distance run,
Yours is the Earth and everything that's in it,
And — which is more — you'll be a man, my son!

Tuesday, September 11, 2001, will be remembered as a tragic day that changed the world. That morning, a plot, masterminded by terrorist Osama bin Laden and the al-Qaeda network, was put into action. "It's been a real bad day"

Director’s Notes

I can’t think of a better play to close my career than “Crimes of the Heart.” It is an outstanding piece of theatre that won the Pulitzer and Drama Critics Circle award when it opened in 1980. It is a touching, funny look not at the skeletons in the Magrath sister’s closets (every family has those), but at how, in times of adversity, it is those who love and care about us that help us make it through “bad days.” Like the Magrath sisters we all know, “what it feels like on a real bad day. This production is dedicated to my students, my wife Susan, and my daughter Kate who in the last thirty years have helped me make it through my real bad days.
