COVER: To honor Alaina Biskshaus, an incoming Freshmen who passed away, students of Webster Graves came together to honor her memory. They all wore her favorite color (yellow) and released balloons at the 14th minute of a soccer game on Selma Field. Other teams and groups of Webster students did similar activities to honor her. Everyone was involved in “Team Alaina”.

5 Things you didn’t know about me!

Kelly Keefe
* I’ve shrunk an inch since sophomore year. (now 5’1” and 1/2.)
* My favorite color is purple.
* The dent on the side of my nose, close to my eye, is a chickenpox scare, not an indent from wearing glasses.
* My first dog was named Max and I was small enough to ride him like a horse.
* I love to have flowers in my room.

David Weinstein-Hibbs
* I had goats.
* I’ve never taken an art class, I love to draw.
* I love to sing.
* When I was little I pretended to be a dinosaur.
* I’m actually a dinosaur.

Kevin Hok
* I only write with pens unless there is a requirement for pencils.
* I always wear prayer beads.
* My favorite color is green, but I hate some shades of green.
* I’m four types of Asian.
* My mom used to call me Dee-Dee.

Callie Thomas
* I believe in Karma 100%.
* I know all the words to Air Force Ones by Nelly.
* I crave nachos 24/7.
* I cried when my fish died, I was 16.
* My 7th grade UGGS still fit perfectly.
Ellie Hintze
* I like mixing peanut butter into ice cream.
* I’ve never had soda.
* I’ve been snorkeling in the Great Barrier Reef.
* I’ve never broken a bone (knock on wood!)
* I play the ukulele.

Sarah Reinhart
* I’ve been to 10 countries
* I helped Betsy Ross design the American Flag.
* I’m the 3rd generation in my family to go through WGHS.
* I’m an astronaut.
* I’ve played piano since 2nd grade.

Where in life do you hope to be at your 10 year high school reunion?

Single; Engaged; Married, who really knows. All I expect is to have a doctorate or two and to just not have kids yet. Hopefully, I don’t know, maybe, sure why not, I can have ONE kid.

(Yashun) DeAndre Scott

I hope to be a pediatric occupational therapist, married to a Duke and be a frequent guest on the Ellen Show.

Kathryn Rempe

A sports agent, representing Cam Hilton, Alex Floresca, and Stephen Harris. A beautiful foreign girlfriend...or two.

Sam Craig
What would you have done differently Freshmen year?

I would have for sure dressed differently and studied more because I thought it was going to be easier.

Brooke Benkelman

My wardrobe.

Courtney DeGroot

I would have taken school more seriously. I probably would also have hung out with different people freshmen year.

Sydney Wilhelm

Nothing. I think that when you grow up, you learn more about yourself. It just takes a bit of time (even if I was a little awkward). No one's perfect.

Janine Dold

I wouldn't have worn cat ears and fuzzy leg warmers.

Reilly Thompson

Each Valentine Season Mrs. Genovese offers stuffed animal to aide CARE. (Coalition for Animal Rescue and Care)

The Senior Class has it's own Baby Picture section in the Yearbook. The staff participated in a baby picture activity this year. Staff members supplied their baby pictures and were asked to identify their colleagues. Those who guessed the most correct won a gift card.
The library hasn’t had a makeover since computers were added more than 15 years ago. 
The kids of the Library Innovative Council wrote a grant to upgrade the library.

"Learning Commons for All"

The kids from Art Club and Art Class created the boards dividing the stairs, highlighting the titles of classic novels. The stairwell will lead to a planned reading area on the middle landing. There will also be a reading area below the stairs.

The Chili Fest was a huge success this year. In attendance were Webster graduates Kariann, Karlie, and Kimberly Kloss joining Dr. Clark for the evening.

The Webster community comes together for another pep rally after the Chili Fest. The bonfire didn’t burn because of the weather, but the pyre was eventually set afire and burned spectacularly.
The Varsity squads of Webster and Kirkwood played their annual game at Webster’s Moss Field. Kirkwood retained the Frisco Bell by defeating Webster 27-6.

Jordan Shumate received the Ray Moss Award. It was presented by Coach Ice.

If ever there is tomorrow when we’re not together...
There is something you must always remember.
You are braver than you believe, stronger than you seem, and smarter than you think. But, the most important thing is, even if we’re apart ... I’ll always be with you.

A special ‘Thank You’ goes to Bret Waelterman for his photographic contributions to the production of this issue of the ECHO. He was an unofficial yearbook staff member. A special thanks goes to Liz Cox, our Herff Jones Advisor for her support and help. This book was created using Adobe InDesign CS5 and Adobe Photoshop CS5. This is a full-colored book, with photos provided by yearbook staff members and Dr. Drake, Yearbook Advisor. It was printed by Herff Jones Publishers.

Your name and photo is as important to us as it is to you. Yet, there are times when misspellings and misplacements may occur. We apologize for any errors that may occur. We used true diligence and care when we proofed pages for errors. We tried to produce the best yearbook physically possible. Enjoy!

A LOOK AT WHAT HAPPENED DURING THE 2014-2015 SCHOOL YEAR

A YEAR CAPTURED
Some parts of the year were mysterious, others were awesome and empowering, and still others — tragic. Take a look back at this collection of the year's highs and lows, from music, science and weather to fashion trends, technology and sports, and lots of things in between.
SHIFTING POWER...

INDIA’S NEW LEADER President Pranab Mukherjee appointed Narendra Modi as the new Prime Minister, succeeding Manmohan Singh.

UNEASINESS AFFECTS OTHER NATIONS Problematic situations in Russia — fueled by a less than desirable economic state and varying opinions of immigration challenges — emphasized struggles within the country and caused other nations to react. The unrest led to Sweden’s plan to re-train citizens previously enlisted in the Swedish army. SCOTLAND REMAINS Given the chance to be an independent nation, 55% of Scottish citizens voted to remain a part of the United Kingdom. Celebrating ensued after new life was given to a nation contemplating succession.

CUBA AND U.S. MAKE AMENDS President Obama restored full diplomatic relations between Cuba after 50 years. This led to the release of suspected American spy Alan Gross who was being held in a Cuban prison. Obama, in turn, released three Cuban spies who had been imprisoned for years.

MH17: WHO TO BLAME? Definitive evidence showed that Malaysia Airlines MH17 was shot down by a missile. Investigation continued as no group took full responsibility. However, speculations pointed to Russian forces.

AIRASIA INDONESIA CRASH Flight QZ8501 crashed into the Java Sea near Borneo in late December, carrying 162 passengers. The aircraft was only halfway to Singapore when its signal was lost due to bad weather conditions.

TALIBAN Seven militants were killed after leading a Pakistani school siege in December. More than 140 people were killed; 132 of them were children.

FIGHTING ISIS The extremist group controlled regions in Iraq and Syria and caused heavy unrest in a variety of violent and unsettling militant ways.

CHARLIE HEBDO Terrorists raided the French magazine office, killing 12. At the same time, 19 people were held hostage at a kosher store; four were murdered.

BOKO HARAM MASSACRE A major attack on Nigeria occurred in January; it was thought to be the largest ever conducted by the militant group.
EBOLA

Ebola Epidemic in West Africa A severe, usually fatal disease in humans, broke out in West Africa — the largest epidemic since the disease was discovered in 1976. It was transmitted through direct human-to-human contact and included symptoms of fever, diarrhea, weakness, aches, internal bleeding and organ failure. The countries most highly affected were Guinea, Sierra Leone and Liberia; the Center for Disease Control and Prevention reported roughly 9,380 deaths in those three countries alone. The U.S. dealt with limited cases, involving several recoveries and only two deaths — both involving men who had been infected in Africa and traveled back to the U.S. before becoming ill. Even so, Americans panicked and more than 50,000 tweets followed. The World Health Organization raced to develop and test effective vaccines.
Swift History and Some Lovable Brits

There was no denying the crazy success generated in 2014 by Taylor Swift, Sam Smith, Ed Sheeran and One Direction — they all continued making headlines (the good kind). Swift made history as “Blank Space” replaced “Shake it Off” on Billboard’s Top 100; she was the only female to ever accomplish this. Her newest album, 1989, sold more than one million copies its first week. And there was clearly something about the British. One Direction had the highest grossing tour, raking in $131.5 million in just the first six months of 2014. Fellow Brits Sam Smith and Ed Sheeran were big winners during awards season. Smith took home four Grammys — Record of the Year and Song of the Year for “Stay with Me,” Best New Artist and Best Pop Vocal Album. Finally, Ed Sheeran won numerous awards, namely People’s Choice Favorite Male Artist, Favorite Album for X, Teen Choice Male Artist and MTV VMA’s Best Male Video for “Sing” with Pharrell Williams.
The Award Goes to...

ARIANA GRANDE Teen Choice Female Artist and People’s Choice Favorite Breakout Artist were only two of the awards Grande added to her collection.

MIRANDA LAMBERT This Texas-born country star won several notable awards including a Grammy for Best Country Album and three separate CMA awards.

HUNTER HAYES People’s Choice Favorite Country Male Artist went to 23-year-old Hayes, who also released a second album for which he co-wrote every track.

CARRIE UNDERWOOD In addition to winning the Favorite Female Country Artist AMA and People’s Choice awards, she debuted a baby bump in September.

13 years after 9/11, the One World Trade Center — the tallest building in America — opened its doors.

Cultural Issues Impact Legislation

Death with Dignity

Brittany Maynard was a 29-year-old Californian who learned that her brain cancer would ultimately kill her. She was told her condition would only worsen, so she decided that death with dignity was the best option. Her family relocated to Oregon, one of just three states that honored this decision, where she ended her life on November 1, 2014. Before her death, she worked closely with Compassion & Choices, an end-of-life choice advocacy group, in hopes to make choice an option for other terminally ill individuals.

Gun Control & Mental Health

Due to school shootings like the one at Sandy Hook Elementary and more than 20 others in the two years since, gun control became an issue that demanded attention. But the focus turned toward mental health and the attention it deserved in regard to tragic shootings. It was perplexing to some that only 27 states increased funding for mental health in 2014. There were hopes that other states would pattern plans like Virginia, Minnesota and Wisconsin in their efforts to provide proactive mental health services for clients of all ages.

In the end, we want to remember not the words of our enemies, but the silence of our friends.

Raising Awareness

ALS Challenge Social media allowed the “Ice Bucket Challenge” to go viral. Designed to raise awareness of ALS (Lou Gehrig’s Disease), people would post a video of themselves dumping ice water over their heads and then challenge someone else to do the same or, alternatively, donate money to The ALS Association. The campaign raised more than $220 million worldwide.
Community Tension Escalates Michael Brown, an African American teen in Ferguson, Missouri, was shot and killed by white police officer Darren Wilson in August. Violent and ongoing riots erupted in Ferguson and other U.S. cities, especially after the jury decided not to indict Officer Wilson. In Ferguson, windows and storefronts were shattered, stores were looted, shots were fired and police squad cars were set afame. Crowds gathered in other parts of the country to protest, claiming that justice had not been served. To make matters worse, the events in Ferguson occurred just three weeks after 43-year-old Eric Garner was approached by officers in New York who observed him selling untaxed cigarettes. Garner reportedly had his hands in the air for police, but was put into a chokehold and thrown to the ground where he muttered, “I can’t breathe! I can’t breathe!” After lying motionless on the ground, Garner, an asthmatic, died on the way to the hospital. Protests nationwide regarding his death followed — including one with his family marching alongside Reverend Al Sharpton in Upper Manhattan calling for a full investigation of his death.

Making Headlines

Gone, but not Forgotten: A memorial honored police officers Wenjian Liu and Rafael Ramos, who were shot and killed in their squad car in Brooklyn. The shooter, Ismaaiyl Brinsley who then killed himself, had earlier posted on social media expressing distaste for the police.

America Decides

Republicans Take Senate The midterm elections rendered a dramatic shift in political party dominance as the GOP won seats from the Democratic Party — rounding out the House with 247 seats, and the Senate with 54 — for the first time in more than 80 years.
TECHNOLOGICAL...

NETHERLANDS SOLARoad The world’s first solar road was built in Krommenie, Holland — a 230-foot long bike path that turned sunlight into energy to power street lights, traffic lights and even households. Officials planned to continue testing the solar road to develop even more energy-producing roads. SPACESHIP TWO Co-pilot Michael Alsbury died in Virgin Galactic’s SpaceShipTwo as it disintegrated above California due to a premature unlocking of its feathering system. His co-pilot was injured, but parachuted to safety. ROSETTA MISSION History was made as spacecraft Philae landed on a comet 300 million miles from Earth. Harpoons shot into the comet’s surface, anchoring the craft to the ground. Philae was set to drill for samples and help European astronomers study the composition and magnetic fields of the comet, but the inability to recharge its solar panels caused Philae to go missing. MARYAM MIRZAKHANI For the first time ever, the Fields Medal went to a woman. Iranian-born Mirzakhani spent a decade mathematically analyzing billiard geometries to understand the symmetry of curved surfaces. NEREUS DEEP SEA SUBMARINE The $8 million U.S. craft imploded under intense pressure 10 kilometers down during an exploration of the Kermadec Trench near Northeast New Zealand. The robot was built in 2008 and offered insights to unexplored oceans within its brief life.
Volcanic Action in Hawaii and Iceland

Lava from the Bardarbunga volcano flowed after a series of earthquakes in late August, expanding the size of Iceland. The spreading of the Eurasian and North American tectonic plates allowed lava to fill the gap, increasing Iceland's land area; enough molten rock was released to cover an NFL football field every 5.5 minutes. Unlike the eruption in Hawaii, no one lived near Bardarbunga's lava flow. Mount Kilauea on Hawaii's 'Big Island', one of the world's most active volcanos, erupted in June, threatening surrounding communities with a continuous river of lava. It surged toward the town of Pahoa causing most residents to evacuate, as there were few other options. Gravel roads were built as escape routes, but some residents requested to watch their homes burn in order to cope with the loss.
SUPER BOWL XLIX The New England Patriots celebrated the game-saving interception by Malcolm Butler in the fourth quarter, beating the Seattle Seahawks 28-24. Tom Brady was named Super Bowl XLIX Most Valuable Player, and joined Joe Montana as the only three-time quarterback winners of the MVP.

KEEPING SCORE

*Spiraling Sports Controversies* NASCAR, NBA and NFL found themselves surrounded by controversy accompanied by inevitable attention, opinions and the need for decisions to be made. LA Clipper’s former owner, Donald Sterling found himself in the spotlight after being accused of making racist remarks that upset many. NBA Commissioner Adam Silver decided to ban Sterling from the NBA for life, fined him the maximum of $2.5 million and forced him to sell the team. Three-time NASCAR Sprint Cup Series Champion Tony Stewart was involved in an accident on a dirt track in New York in which his car struck and killed 20-year-old driver Kevin Ward. Controversy continued following an Ontario County grand jury’s decision not to indict Stewart after finding no evidence that he actually committed a crime. Domestic violence incidents unveiled within the NFL pushed Commissioner Roger Goodell to enact tougher penalties for such behavior through new policies that held players more accountable for their actions, with little to no gray area.

NO. 2 RETIRED Derek Jeter finished his career with an RBI single in the Yankees’ 9-5 victory over the Boston Red Sox. He hugged his teammates and waved goodbye to 36,879 fans in Fenway Park. The stadium, social media and fans everywhere bid a heartfelt farewell to the Captain. SPORTSCASTER REMEMBERED After a lengthy battle with appendix cancer, Stuart Scott died at age 49. His talent, work ethic and dedication to the world of sports created the legacy he left behind. LITTLE LEAGUE STAR Philadelphia’s Mo’Ne Davis was named SportsKid of the Year and was the first female pitcher to ever win a Little League World Series shut-out.

North Korean Hack on Sony

Drama with The Interview

Sony Pictures was hacked in late November and North Korea was immediately blamed because of Sony's plan to release the comedy, The Interview, featuring an assassination attempt on supreme leader Kim Jong Un. North Korea denied the claim, but the FBI later confirmed that they were indeed behind the hack. Sony decided not to release the film after North Korea threatened violent attacks on the U.S. When Obama called the hack an act of cyber vandalism, the film was shown on Christmas Day in 330 independent theaters and was available for streaming online for just $5.99. The movie made $15 million in its first four days of release.
