What Teacher Had The Most Impact On You?

Goldie Raznik

Mr. Kirschman, because he always taught me without me feeling like I was learning, yet I always took the most away from his class. His humor makes him approachable and classes are fun.
What Teacher Had The Most Impact On You?

Madison Fuller

Jay Blossom. He was the one who encouraged me to follow my dreams to help people. This sparked my interest in becoming a sports team physician.

Sam Syberg

Herr Mackey. He's the closest to what I can call a friend than any other teacher, and I feel like he helped bring me out of my shell freshman and sophomore year.

Carolyn Smith

Coach Allen - he helped me step out of my comfort zone and gave me confidence in the classroom.
Annelise Kerr-Grant

I honestly can’t pick just one. I’ve been lucky to have amazing teachers all four years.

Emma Lieb

Ms. Keane. 100%. She is by far the most down-to-earth person I know and she knows how to use her title as a teacher, she doesn’t abuse that responsibility. She taught me so many things outside of literature, composition, and how to prepare for the act. She taught me how to be myself and express it through the things I’ve been blessed with.

Cam Oliver

Mr. Cashel or Ms. Moore. I don’t think any two teachers have taught me more than these two. They kept me on track and made me a better student. I spent two hours with them junior year and I couldn’t be more fortunate to have another 2 hours with them this year.
Senior Line Dance Practice

This year’s Senior Line Dance was lead by Senior Holly Nash. Practices were held in the Drama Room after school and Roberts Gym in the mornings.

Merri

If the stars were mine
I'd give them all to you
I'd pluck them down right from the sky
And leave it only blue

I would never let the sun forget
To shine upon your face
So when others would have rain clouds
You'd have only sunny days

If the stars were mine
I'd tell you what I'd do
I'd put the stars right in a jar
And give 'em all to you

Love Mom

Breanna Gewinner

Bre, I am so proud of you and everything you have accomplished.

You are my sunshine, my only sunshine
You make me happy when skies are grey
You never know, dear, how much I love you
Please don't take my sunshine away

Congrats!

I Love You!

A special ‘Thank You’ goes to Isabelle Slane for her contributions to the production of this issue of the ECHO. A special thanks goes to Liz Halpin, our Herff Jones Advisor, for her support and help.

This book was created using Adobe InDesign CS5 and Adobe Photoshop CS5. This is a full-colored book, with photos provided by yearbook staff, Dr. Lee Drake, Yearbook Advisor, and Lifetouch and Cilento Studios.

Your name and photo is as important to us as it is to you. Yet, there are times when misspellings and misplacements may occur. We apologize for any errors that may occur. We used true diligence and care when we proofed pages for errors. We tried to produce the best yearbook physically possible. Enjoy.

After 15 years of yearbook production, it is time to move on.

It has been a pleasure and an honor.

2015-2016 World Yearbook

PILLARS OF CREATION In honor of the 25th anniversary of the Hubble space telescope, scientists captured a more recent image of Eagle Nebula's iconic sight of cold gas lit up by stars.
GUN RIGHTS VS GUN CONTROL Debates continued, deaths mounted and protests focused continued attention on the issue. With many mass shootings and a single-day record of 185,345 background checks for prospective gun buyers on Black Friday, the topic was ever-present. MAJOR INCIDENTS Mass shootings at a state-run developmental facility in San Bernadino, CA; a Planned Parenthood clinic in Colorado Springs; a community college in Roseburg, OR; military centers in Chattanooga, TN and a Charleston, SC church were deadly. #BLACKLIVESMATTER Because additional high-profile cases involving police-related deaths occurred, protests and debate about law enforcement and race relations continued.

IN THE MIX While a nomination would not be official until after the RNC in Cleveland in July, 2016, five Republican candidates remained active throughout the primary season. Ben Carson, a Maryland surgeon; Texas senator Ted Cruz; Ohio governor John Kasich; Florida senator Marco Rubio and New York businessman Donald Trump met in 13 debates and seven forums to make their ideas known. Ten other candidates had filed, but withdrew sometime before the first caucuses in Iowa and another seven left the race as primaries heated up. LESS CROWDED FIELD Maryland governor Martin O’Malley left the race following the Iowa caucus in January and Democratic presidential contenders Hillary Clinton and Bernie Sanders took turns “winning” states early on. Clinton, the former Secretary of State and New York senator, and Sanders, a Vermont senator, would continue to contest each other in primaries through the spring. The Democratic National Convention was scheduled for July, 2016 in Philadelphia.

EQUAL DIGNITY Just a month after the Supreme Court ruled 5-4 that states cannot keep same-sex couples from marrying and must recognize their unions, the Boy Scouts of America lifted its ban on openly gay adults as scout leaders. AVIAN FLU A severe outbreak crippled the domestic egg and poultry industries, affecting nearly 50 million birds, creating shortages and causing record-high prices.
COALITION AGAINST ISIS Retired Marine General John Allen, who served as Special Envoy to Iran and Syria and led the fight against the terrorist group, stepped down in November, citing his wife’s health issues.

EARLY DEPARTURE Speaker of the House John Boehner left his position in October, vacating to avoid continued in-party tensions.

NEW ATTORNEY GENERAL Loretta Lynch, the country’s first African-American woman to serve in the role, was sworn in after five months of confirmation hearings.

FEMALE RANGERS 1st Lt. Shaye Haver and Capt. Kristen Griest became the first women ever to successfully complete the U.S. Army’s Ranger School — which puts a premium on physical strength and endurance.

XI JINPING VISITS After hosting Obama last year, the president of China traveled to Washington D.C. for continued negotiations.

TESTING CAP Ruling that less than 2% of all learning time could be used for testing, new legislation attempted to “reduce over-testing” in schools.
November 13 was a devastating evening for the entire world as tragedy struck in Paris, France. A series of carefully orchestrated attacks took place in the City of Love and its Northern suburb, Saint-Denis. Suicide bombings and mass shootings in the streets, restaurants, a concert hall and the Stade de France ensued; a final count of 130 people were killed, and hundreds of others injured. French President François Hollande quickly declared a state of emergency and French government tightened border controls. The attacks subsequently heightened terror alerts worldwide, as militant group ISIS claimed responsibility, releasing propaganda videos threatening forthcoming attacks in other parts of the world. Thereafter the French military conducted a series of airstrikes on Syria. Nearly a week later, ringleader of the attacks, Abdelhamid Abaaoud was tracked down and killed in a dramatic raid. Support worldwide was extended and a stronger fight against ISIS was collectively at the forefront.

TWIN SUICIDE BOMBINGS The deadliest attack on Turkish soil killed more than 90 individuals during a peace march in the capital of Ankara, nearly three weeks before national elections. The two bombs detonated seconds apart and were thought to target a rally of pro-Kurdish activists. ISIS didn’t claim responsibility but did remain a prime suspect.

GREECE BAILOUT The country, whose debt crisis began in 2010, received their third bailout in five years. Prime Minister Alexis Tsipras resigned, called for new elections following the 86 billion euro bailout and, again, was sworn in as Greece’s leader on September 21.

PACIFIC TRADE DEAL The Trans-Pacific Partnership involved 12 countries and aimed to strengthen economic ties, lessen tariffs, encourage growth and potentially create a single market like that of the EU.
POPE FRANCIS' HISTORIC VISIT The Argentine-born Pope journeyed to the United States for the first time in September. His stay lasted six days as he extended his love for the less fortunate and manifested his concern for helping the nation with their most pressing political, economic and social challenges. He even visited New York where a religious service was hosted at Ground Zero. TRIO OF HEROES Three American men, Airman First Class Spencer Stone, Oregon National Guard Specialist Alek Skarlatos and college senior Anthony Sadler, aboard a train from Amsterdam to Paris, rushed and stopped a man who boarded with an AK-47 and a handgun. Two, including Stone, were shot but no one was killed, and a potential massacre was prevented thanks to the men's heroic acts. PRINCESS CHARLOTTE Kate Middleton and Prince William welcomed their second child and first daughter, Charlotte Elizabeth Diana on May 2, 2015. Charlotte automatically became fourth in line to the British throne behind Prince Charles, William and George of Cambridge.

GERMAN AIRBUS CRASH Germanwings A320 crashed into the French Alps in March killing all 150 passengers onboard. The investigation was ongoing, but it was clear that Captain Patrick Sonderheimer left the cockpit for unknown reasons and co-pilot Andreas Lubitz did not respond to his knocks on the cockpit door as he tried to return the plane's tragic and drastic descent began simultaneously. HAJJ STAMPEDE More than 2,100 people were trampled and killed in Saudi Arabia near a holy site during the hajj, an annual Islamic pilgrimage to Mecca, after two enormous waves of Muslim pilgrims collided. The 5-day religious journey is required of all Muslims at least once in their lifetime, and drew nearly 2 million pilgrims from more than 180 countries in 2015. METROJET FLIGHT 9268 Militant group ISIS released a statement claiming responsibility for the Russian plane that crashed over Egypt's Sinai Peninsula on October 31, killing 224 passengers on board. ISIS later published a photo in their online magazine Dabiq of the supposed bomb that caused the crash: a soda can pictured with two simple additional components that would have been the detonator and a switch.

QUEEN ELIZABETH II In September, Her Majesty became the longest-reigning monarch in 1,000 years of British history, surpassing her great, great grandmother Queen Victoria. MALCOLM TURNBULL Australia's 29th elected Prime Minister defeated Tony Abbott and promised a ‘thoroughly liberal government.’ MAURICIO MACRI Elected as Argentina's president in December, he was the first democratically-elected, non-radical or Peronist president since 1916. JUSTIN TRUDEAU Canada elected this teacher their new Prime Minister. His father, Pierre Trudeau, filled the office twice.

EL CHAPO Joaquin Guzmán Loera, Mexico's most-wanted drug lord, was arrested after escaping for a second time through a tunnel in his cell of a maximum security prison. A United States extradition process was initiated.
TRENDS & TALK

THE YEAR’S “TABLE TALK” OFTEN TURNED TO THE FOOD INDUSTRY’S HIGHS AND LOWS.

UNCONVENTIONAL SALMON The first genetically modified animal for human consumption was approved in November. AquaBounty Technologies was behind the innovative salmon that they claimed would be just as safe as farm-raised fish, but would grow faster and in half the time. MICKEY D’S POSITIVITY The fast food chain gained publicity after launching a very successful all-day breakfast menu; momentum continued as they announced a campaign to benefit refugees, and were in the news yet again when a pay-it-forward chain of 250 customers began in a Florida drive-through during the holidays. NUMERO UNO At risk of demolition, Taco Bell’s first 1962 store was moved 45 miles from its Downey, CA location to company headquarters in Irvine, CA. Meanwhile, the chain opened its first store in Tokyo, making it only the second location in Japan. NO MORE TRANS FAT In June, the FDA gave the food industry a deadline of three years to completely rid foods of trans fats, a leading cause of heart disease in the United States. #RAINCHECK Chipotle’s reputation suffered after E. coli, Salmonella and Norovirus outbreaks were all linked to the restaurant in separate areas of the US. In an effort to regain trust, they held company-wide food safety meetings during lunch hours on February 8; shortly after, the chain offered free burritos to those who texted “RainCheck” to 888222 for the inconvenience.

SOCIAL MEDIA’S EVER-EXPANDING INFLUENCE

On average there were 400 million monthly Instagram users in 2015, and the social media app began leaving its mark in very permanent ways: as baby names. Amaro, Reyes, Hudson, Ludwig and Kelvin appeared more often, as well as Lux, which rose 75% on the list of popular boy names, compared to last year’s list. Filter names used for girls: Valencia, Willow and Juno.
THE DAB The latest dance craze (there's always one) was born within Atlanta's hip-hop culture, but really hit the mainstream when the Carolina Panther's quarterback Cam Newton introduced celebratory Dabs after touchdowns. The media caught Betty White, Mississippi State's Dak Prescott, and Victoria Azrenka all doing the Dab.

MOST POPULAR Taylor Swift's 65.9 million Instagram followers topped Kim Kardashian and Beyoncé by millions.

DISLIKE BUTTON Facebook announced a new "dislike" option in October without a release date. PERISCOPE Apple named the live-streaming video app "App of the Year."

WORD OF THE YEAR Oxford gave the annual title to the crying-laughing emoji.

HOVERBOARDS The popular device often malfunctioned and was banned on streets and airplanes. TESLA The electric car company introduced a battery for efficient home energy.

APPLE The tech giants worked on an electric car with a target ship date of 2019. VOLKSWAGEN The company was fined billions for cheating on emissions tests; shortly after, the VW CEO resigned. DRONE DELIVERY Amazon, Walmart and Google considered drone delivery service, though federal regulations were a large obstacle.
Amidst all of Mother Nature’s mood swings — floods, fires and earthquakes — she and the world of science made sure to leave their mark on the year. When scientists announced there was flowing water on Mars, it gave rise to a question that has long been considered: Does life exist beyond Earth? The watery flow was confirmed by dark streaks that patterned the surface during Martian spring and summer months. Whether or not life could be supported was impossible to determine, and would depend on how briny the water was and how cold the conditions were. Regardless, the discovery reopened doors for NASA researchers to further investigate potential life on Mars.

HURRICANE PATRICIA In October, a Category 5 hurricane near Mexico’s Pacific coast was the strongest ever recorded in the Western Hemisphere, with maximum wind speeds of 215 mph. SOUTH CAROLINA FLOODS The state dealt with more than two feet of rain in October, resulting in thousands of power outages, 17 deaths, several failed dams and an estimated $1 billion in damages. EL NIÑO The second of two back-to-back warmest years recorded was due to an unusually strong El Niño in the Pacific Ocean and ongoing global warming. CALIFORNIA BLAZES In September, more than 1,000 homes were destroyed from two massive and relentless wildfires in Northern California. DENALI President Obama renamed Mount McKinley Denali in an effort to keep his 2008 campaign promise of improving relations between the government and existing Native American tribes.
POWELL BLOWS FROM NATURE Earthquakes shook areas of Afghanistan/Pakistan in October, Nepal in late April and Chile in September. The 7.5 magnitude quake in Pakistan led to nearly 400 deaths when it originated more than 200 kilometers below Earth’s surface. The 7.8 magnitude tremor devastated Nepal with more than 8,800 deaths and 3.5 million citizens in need of assistance. Chile’s 8.3 magnitude quake was nearly five times stronger than Nepal’s, but caused an estimated 10 deaths, one million evacuations, tsunami alerts and hundreds of aftershocks.

NEW HUMAN LINEAGE Homo naledi, a previously unidentified species of human lineage, was found in the Rising Star Cave in South Africa in September and was part of one of the largest samples of hominin species ever found.

PEACE PRIZE The prestigious award in medicine went to three: William Campbell and Satoshi Omura for their efforts against ringworm and Youyou Tu, for her research in creating a drug that would effectively tackle malaria. #EMPTYTHTANKS

With an existing badly damaged reputation, SeaWorld announced that it would end its theatrical orca shows in San Diego by the end of 2016. To make matters worse, an 18-year-old orca died of a fungal infection at the San Antonio location in December.

CECIL THE LION A beloved male lion living in the Hwange Game Reserve in Zimbabwe was shot and killed for sport by Walter Palmer, an American dentist and big game hunter. The big cat was lured out of the sanctuary when killed, and worldwide protests followed. However, Zimbabwe decided not to press charges.
