WANT

HOUSES IN
LOTS IN
BUSINESS Locations in

WEBSTER

WE WILL BUILD THEM
WE WILL SELL THEM
WE WILL PROVIDE THEM

We believe in Webster Groves; have demonstrated it by investing several hundred thousand dollars in it and its vicinity. We are commanding it to the World.

We consider its "growth value" such that we have made it the basis of issue of five and ten year Profit-Sharing Real Estate Notes, Investment Certificates. WE CAN THUS SELL YOU "SMALL PIECES" OF WEBSTER AND GUARANTEE YOU GOOD INTEREST, GOOD PROFITS AND NO LOSS.

YOU MUST GAIN, YOU CAN'T LOSE.

St. Louis is coming to be the best place to invest in Real Estate. Webster Groves has properties that will lead the procession.

DON'T LOSE OPPORTUNITY.

FOURTH WARD.	WM. J. BURTON.

BRIEF HISTORY.

In 1896, owing to a condition of lawlessness, culminating in the murder of Mr. Bertram Atwater, of Chicago, the good citizens secured the incorporation of the City of Webster Groves.

In 1897 the limits were extended so as to include South Webster, Selma, Old Orchard and Tuxedo in the limits of the City of Webster Groves.

In 1907 the limits were further extended, for the purpose of completing contemplated sewerage districts, by including a tract of ground bounded by the Big Bend Road on the south, Laclede Station Road on the west, and the center of the Des Peres River on the north and east.

Webster Groves offers the greatest inducements to those desiring to live in a community where they can enjoy all the advantages to be had in the City, such as good schools and churches, and the conveniences, such as water, electric light and gas, and the only remaining much-needed convenience, that of sewers, is to be provided for a large portion of the City, by plans now practically completed.

There are about fourteen miles of improved streets, and this is being materially added to each year, the benefits appealing to the citizens to request the construction of good streets as a means of improving their property.

In fact, there is a general wish to improve the streets, and replace the plank walks with granitoid, both as a matter of convenience to the citizen, and a protection to all property in the City from damage suits.

The water system has proven to be a more profitable investment for the City than its most sanguine friends had expected.

The rates are less than paid in territory surrounding Webster Groves, and yet, the income for the year 1907, will be within a few dollars of the entire cost of the water, \$9,250.00. In addition, the City will have the use of ninety-five fire plugs free, for which other cities are paying an annual rental of \$50.00 each per year, or \$4,750.00.

WEBSTER GROVES CITY DIRECTORY.

In the extension of the water system now being made, the number of fire plugs will likely be doubled, and the cost of that service alone would equal the cost of the water.

In other words, it is reasonable to expect, that before the contract is half expired, it will be worth to the City ten per cent per annum on a valuation of \$200,000.00.

Webster Groves, by the loyalty of its citizens, the natural beauties of its location, its advantages for transportation facilities, having two double track steam railroads, and two double track street car lines, its schools and churches, every convenience in the home, gas, electric light and water, and no saloons, is admitted to be the

Public Schools of Webster Groves.

It has been aptly said, that the quality of the citizenship of a community may be correctly determined by the schools and churches maintained. There is no one thing touching the interests of the people of Webster Groves, which awakens a deeper sense of appreciation, than the excellent progress now being made in our public schools. At the close of school, five years ago, there were 934 pupils on the rolls of the district. On March 1st, 1907, the enrollment was 1326. The corps of teachers now numbers thirty-four, most of whom are graduates of State Normal Schools, Colleges or Universities. Twenty-four hold State certificates. All, except one, have had previous experience of from three to fifteen years. This makes an unusually strong corps.

The course of study is the same as that of St. Louis; also the same text-books are used. The graduates of our High School may enter any of the colleges or universities of the following States, without examination: Missouri, Iowa, Illinois, Indiana, Wisconsin, Michigan, Minnesota, South Dakota, Kansas, Nebraska, Ohio and Colorado. Only two other high schools in this State, outside of the three large cities, enjoy this distinction.

The district has six buildings used for school purposes, located so as to be accessible to all parts of the district.

The High School is on Selma Avenue, south of Lockwood. It is an eight-room building, modern in arrangement and equipment. The enrollment has grown, from 38, five years ago, to 148, at the present time. The teachers are Geo. L. Hawkins, Principal, teacher of English and Latin. J. J. Lewis, History and French. A. W. McCollough, Mathematics and Athletics. J. J. Rowe, Physics and Latin. Miss Louise K. Gibson, Assistant in English. Miss Helena L. Messerschmidt, German and Science. This school has held the championship of St. Louis County in athletics, for the past two years.

The Webster School is located on Gray Avenue, south of Lockwood, is an eight-room structure, and has enrolled this year, 445 pupils. More room is needed. Mr. H. C. Rowe is Principal, and has, as assistants,

Misses Orra C. Carroll, Mary Boyer, Grace Wyman, Adah L. Straszer, Florence A. Sparks, Mazie E. Harrison, Anna M. Clark and Edna M. McKinney.

The Old Orchard School is on Big Bend Road, near Old Orchard Avenue. It is a four-room building, and the enrollment this year is 292. This condition necessitates the use of the old Village Hall for school purposes. Steps are being taken toward the erection of a new building on the beautiful lot purchased last year. The principal of this school, is Mr. George A. Shepardson, and his assistants are Misses Nettie Van Dam, Viola E. Peck, Charlotte Bain, Genevieve A. Lapping, and Frances Vaughan.

The Tuxedo School is located on the corner of Bompert and Marshall Avenues. It is an eight-room building, half frame and half brick. Six teachers are employed. C. R. Stone, principal, and Misses Madge Stark, Lillian Scott, Addie S. Wileox, Mildred B. Hawkins, and Mrs. Happy Rambo Drown. The enrollment at the present time, is 266.

The Selma Primary School, located on Chestnut Avenue, west of Selma Avenue, has an enrollment of 38 pupils. Miss Nellie E. Peterson is the teacher.

The Douglass School, for colored pupils, is located north of Shady Avenue, and has an enrollment of 69 pupils. Two teachers are employed, Thomas A. Moore and Miss Susie Crockett.

Night School was maintained at the High School building, thirty-eight nights, during November, December and January. Sixty-eight pupils were enrolled.

Special teachers are Miss Martha A. Kendrick, Supervisor of Music, Miss Amy M. C. Robinson, Supervisor of Drawing, and Miss Susie L. Bain, Supervisor of Physical Culture.

William D. Grove is the Superintendent of Schools for the District. His office is at the High School building, and he may be found there daily, from 9 to 10 o'clock. His residence is 174 Plant Avenue.

ELECTRICITY

Do You Use It
To Illuminate Your Home?

If not, you are necessarily foregoing a luxury and missing a great comfort. It is absolutely healthful, which cannot be claimed of any other illumination. There is no smoke, no odor which you frequently get from gas pipes. Turn on the switch and you at once get a good brilliant light.

Call us up by Phone 213. Day or Night.

SAM. G. STAHLHUTH, PAINTING=DECORATING

If you want a good job of Painting or Paper Hanging at a price consistent with the quality of work, we can serve you as well or just a trifle better than any one else, a fact which cannot be demonstrated in this space, but we will convince you if given an opportunity. The cheapest in price is usually the most expensive in the end.

GAS FOR COOKING

The Kind of Range to Buy

Is the Range whose ovens will cook your largest meal at one time. There is no economy in a small range. The most desirable size Range is one having 18 inch ovens, as the burners in either are the same size.

While meat is roasting in the lower oven, the same heat can be used for baking, consequently with a larger oven a greater quantity of food can be cooked in a shorter time, with the same amount of gas.

Hot weather will soon be here, select your gas range now. See ranges in operation at your nearest dealer or at our salesroom.

When our representative calls, give him a hearing; valuable information can be obtained.

"CABANNE HOMES" AT WEBSTER GROVES.

The improvements being made in Kenilworth and Ivanhoe Places, are with the end in view of furnishing a number of home sites of the size and with equal improvement to those in the Cabanne Section. 50 to 100 foot lots, of good depth, all conveniences of water, sewer, gas, etc., 5 feet wide granite walk, well-made street clear to gutter, 8 foot park way entrance, gates, etc.

This property lies between the best central part of Webster Groves and the new Frisco Station on Gray Avenue and Big Bend Road, which is being erected, and will be complete with Telegraph, Ticket, Baggage and Express, and other conveniences. These lots will advance rapidly in value, and are a good investment. We have builders who will build in these Private Places on easy terms.

HAZELWOOD HOME PLACES."

Homes can be bought in Hazelwood, with all modern conveniences, on monthly payments. Houses on several plans are being erected for this purpose, some small cottages, and some large.

Lots are 50 x 150 feet, streets, sidewalks, gas, water. The location of this tract is high and beautiful, and it is one of the best Home Subdivisions in Webster Groves. On the Frisco, between Old Orchard and South Webster. Walks from street cars at Summit and Lockwood Ave.

If you want a country place of several acres, which will be growing in value from year to year, shrubbery and fruit cared for, in surroundings that warrant your neighbors being among the best people in St. Louis, SEE US. We are selling them on easy payments, and caring for them until you are ready to build.
