

"Libraries are not made; they grow."

Augustine Birrell

Honor and Memorial Gifts

The loss of a loved one or a special event in someone's life may provide an opportunity to make one of the most meaningful types of gifts to Webster Groves Public Library.

Memorial and Honors Gifts help us broaden and enrich our holdings, while preserving the memory of a special person or honoring a special occasion.

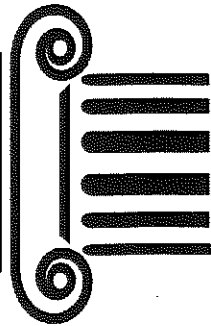

Your gift will benefit all library users and can be selected in areas of interest to the person being honored. Or, the library will use the gift to add to the collection of books and other materials, purchase needed equipment and furniture, or provide library programs and services. There is no minimum for an honor or memorial gift.

The library will send notification of your gift to the person being honored or the family of the deceased. A bookplate or a plaque noting the honoree is placed on all items purchased with donations, unless you specifically request otherwise.

Contributions are tax-deductible.

Please call (314) 961-3784 if you have any questions.
